“ Daniel, Stacy, Jasa and Clark,

My heart goes out to you all, and I wish you nothing but comfort and strength during these difficult times.

Your MOM might be gone but she will live forever in your hearts.
RIP Wendy.

Sincerely,

Manuela de Almeida

“ I met Wendy over 15 years ago when I joined Novant. She was such a lively, supportive colleague! I remember when we both went through our surgery journeys together, about 5+- years back, we shared food plans, recipes, web sites and weekly stories on our progress. She became such a great friend along the way! Wendy left a mark in my heart that will never disappear, she was an amazing person. My sincere condolences to her family.

“ I met Wendy when I was in college, as a roommate of Jasa at the time, and I didn't have a very close relationship with my own mom back then. Wendy was always so supportive and encouraging of all of us and put us at ease. I'll always remember her helping us clean our floor and baseboards during a particularly tough time in college, she came to help us before we had to move so that we could get our deposit back. It really made a difference in my life to see her wonderful example of unconditional love for her children. I remember being touched by her soft spot for cats as well. May her memory forever be a blessing.

“ Wendy was my work mom. She was more than just my manager. We started Training & Quality Assurance together and we really felt like a team. She was the first person at work who I told I was having my daughter. Not because I was scared but because I was so excited. And one great thing Wendy always had for me was mom advice. I loved our weekly meetings where I could pop in and show my daughter. I loved hearing all the updates about her kids. It was so familial. With Wendy I did feel like I had work family. I'll miss you Wendy.

I could repeat all of these kind words that have been posted, but that would be unnecessary. Everyone who met, knew or worked with Wendy knew that she was special. I could spend days recounting all of the loving acts that she accomplished. Intelligence, compassion and a heart as big as a mountain. I will miss you always, my beach goddess.

October 16, 2000 Wendy hired me into the Medical Staff Office in what was then Rowan Regional Medical Center. It was the two of us for a while in a cramped office space where she trained me and introduced me to the world of credentialing. We sang to songs that she played on mix CD's. The staff grew and we welcomed Lisa Stephens to the team. Sally joined us and then Carrie Armstrong. The office grew. Wendy was so smart.

My mind is reeling and my heart is aching for Jasa, Daniel, Angela and her family. There are too many memories to list and I will miss her.

Wendy was an amazing person. She was by far the smartest person I have ever known. Always smiling, always ready to help when needed. My heartfelt prayers for this family as they prepare to lay this precious lady to rest. May we all strive to be more like Wendy - a light to everyone. A positive force of joy and happiness to anyone and everyone. I grieve for her now but have the joy of knowing I will see her again. So goodbye for now my sweet friend, but see you soon. May I shine a little brighter by knowing you and love a little stronger through you to help others. To the family, please know I am here for you for anything you need, in prayer and in person. May God grant you peace and mercy now and in the days ahead.

As so many have been sharing, I too was fortunate to call Wendy a friend. I started at RRMC as a college intern ending up in a role that directly interacted with Wendy, Martha and the credentialing team. I am so saddened to hear of her passing. I have such fond memories of my visits to the medical staff office and the guidance she would share. She was so smart and had the kindest heart. She always had a way of making you feel welcome in the circle of conversation. I can hear her laugh now and will forever miss it. May her children and family find comfort and peace in the upcoming days.
