“ *Billy was my wife's Uncle Billy and she has described him to be a Proud Man, Strong, Stern, Tough, Man of the house, In charge and when he walked into a room... everyone stopped and gave notice of his presence. She has shared some memories of growing up with The Walters Family with me that have led me to believe that he loved his family very much and in the world seems to have lost a great man. My condolences go out to the family and may Billy rest in peace.*

“ Even though I barely knew Billy, I was instantly aware of how much he loved his son and daughter. He was a really fun guy to talk to and I was looking forward to getting to know him better. You just never know when God decides to take someone home. Billy had so many friends and family that loved him and now miss him. So now I must say to you Billy " Rest in peace and I will see you on the other side my friend"

“Tribute to my Uncle Billy Today as my uncle sits in arms of an Angel my family mourns his death. It's alright though as each of us has the Lord beside us as we say our farewells. His body is gone from this world but his spirit will live on in our hearts forever. Today we each will mourn in our own way. Most will find it impossible to extinguish and hinder feelings of animosity to subdue the sudden unimaginable loss of Billy. Triumph over the pain associated with his passing and honor the extraordinary man now resting among the clouds. I pay tribute to the Dignified, Vivacious and Witty man he was. Grab onto the great memories you have of him and never let go. Remember the things he taught you and take them to heart. Billy was a proud father also, so I'd like to ask Little Billy and Whitney; continue to make him proud throughout your life. He left his mark In this world by blessing the world with the two of you and that mark he left will go on down from generation to generation. I will remember his bravery and his powerful love, that he was carrying and wise with a watchful eye.
