“ *We didn't work together for a real long time, but after his stroke he would visit us at Tony Ave's shop and I got to know him a lot better. We shared some great stories together about cars, racing and upstate NY. I am truly saddened by his passing. You all have my deepest condolences. He complemented me on the quality of my work and I will always, always remember that. God Bless!!! Keith Wyckoff (fabricator, Riley Technologies and Tony Ave Racing)*
