“ *We'd like to send our condolences to the family of Zac. Our son Garrett Welborn considered Zac a friend, now and especially during his years at Pine Lake. Garrett told us of the passing of Zac yesterday, and is now on his way here from Wrightsville Beach to attend the visitation. We know how sad it is to lose someone, and we pray that God will lift you up and carry you through these difficult times. Thank God for all the beautiful memories, and rest assured that you'll have the opportunity to see him again one day! Lovingly; Randy and Cherie Welborn*

“ It was always a joy to have Zach over to the house. He was my son and daughters childhood friend. We would often go to the mall watch movies and stuff. He had such a pleasurable, smart, witty, humorous, funny, yet caring personality. We loved having him around. I always knew he would be successful in his business endeavors because he was such a bright kid. Our love and prayers go out to the Speicher family and know that we loved him and he will not be forgotten.

“ I will never forget Zac's laugh. He laughed more than he talked. He was my close friend for many years. We met in high school Spanish class and sat next to each other. The teacher would get annoyed with us sometimes because him and I would be laughing so hard!

He was so goofy and loved by countless people. I feel honored to have been a part of his life. When Zac and I hung out, he would talk proudly of his beautiful daughter, and tell me how proud he was of his siblings. Family was the most important thing to him.

Zac didn't follow the beaten path and that always inspired me. My best memories with Zac are driving by the lake, listening to country music really loud, and just laughing with each other. We would talk about life, our dreams, and what we wanted. No matter how much time had passed, our friendship always picked up exactly where we left off. Zac was a beautiful person inside and out. He will be dearly missed and will always hold a special place in my heart.

I miss you friend.

*Much love,
Morgs*
